RE: MUR 6110

Dear Mr. Jordan,

In response to the complaint arising from the Obama Presidential Campaign Fundraising Event "A Concert for Change" on September 20, 2008, please be advised that no contributions were made by M&A Development LLC. I personally contributed \$1,000 to the event and can provide documentation to support this claim upon request.

Hopefully this will be enough to convince the FEC that no Election Laws were broken, at least, as it pertains to M&A Development, LLC.

If you need any more information please do not hesitate to contact me.

Sincerely,

Anthony Washington
